SPAPPERI

CONVEYING SYSTEMS

Spapperi conveyors belt make harvesting field produce easier and more efficient by improving ergonomics.

Our solutions cater to a broad spectrum of needs, whether harvesting into bins or crates. Custom-designed harvesting systems available.

A foldable conveyor belt designed for easier and efficient on field harvesting.

Adjustable end easy for operations and transportation, the machine is tractor-drawn during harvesting and tractor-carried during transportation.

Features adjustable ground clearance. Max flexibility and adaptability to every requirements.

NU0741 AP

REGULAR EQUIPMENT

- Independent hydraulic system, with pump unit and oil tank
- Stainless steel (INOX) single folding main belt.
- Extension belt, rotatable by 90 degrees
- Automatic Start/Stop of the belts using photocells

A

SETUP / VERSION: Choose the configuration

B

OPTIONAL FEATURES: Not available for model NU0741 AP

C

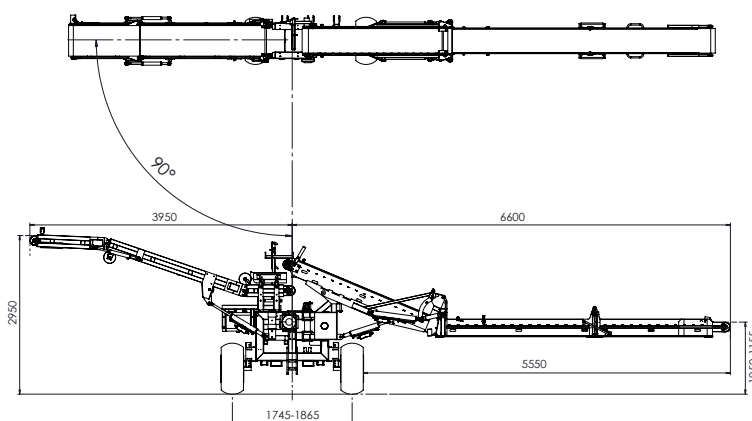

ACCESSORIES: Add optional accessories during the ordering phase

A

CARACTERISTICS & REQUIREMENT - NU0741 AP (Accessories not included)

MODELLO NU0741 AP

Number of main belts	1
Main belt lenght - cm	680
in	259
Main belt width - cm	40
in	15
Extension belt lenght - cm	400
in	157
Extension belt width - cm	50
in	19
Tractor power - Hp	120-130
Weight (without accessories) - Kg	1935
Cod.	NU0741AP

The NU741 AP model is characterized by a single 680x40 cm folding conveyor belt. Its first external fold operates manually with adjustable end stops, while the second fold is hydraulically operated. It includes a 400x50 cm extension conveyor that rotates 90° to allow for either rear or side unloading.

C

ACCESSORIES AVAILABLE FOR NU0741 AP

Increased track width and height - 1 X M

Wide track kit up to 2126 mm and increased ground clearance up to 1660 mm

KIT INCREASED TRACK WITH AND HEIGHT

Cod. CL0701700

Sprayers - 1 X M

Sprayer kits help lubricate the produce with water to minimize the risk of damage caused by scratches.

WATER SPRAYING KIT (PUMP, PIPING & SPRAYERS)
(Tank not included)

Cod. CL0101720

A foldable conveyor belt designed for easier and efficient on field harvesting.

Adjustable end easy for operations and transportation, the machine is tractor-drawn during harvesting and tractor-carried during transportation.

Features adjustable ground clearance. Max flexibility and adaptability to every requirements.
